Versailles Ivory	●	●	
White Storm 14	●	●	

(●) Available in Polished/Suede finish.

(●) Only in Polished finish.

(●) Only in Suede finish.

NOTES:

- N-Boost does not apply with Integrity technology.
- Veined colors have veins in the bottom and walls of the sink/bowl, but it is difficult to match them exactly with the countertop veins.
- For another color, it is necessary to test it (≈ 1 month) and a minimum order of 30 units is required.

ATTENTION: Integrity is made by mold, so it is not possible to change the longitudinal sink/bowl dimensions (length and width). Only the height can be requested with a different value by specifying it in the order (≤ 150 mm, except Due XL ≤ 210 mm).

SAP ORDERS REMARK:

- SINK ACA ING + POL/SUE + MODEL + WOO + COLOR: Sink finished with mitered joint, polished or suede, with overflow (not specified) or without it (WOO) and the selected color.
- SINK ACA + POL/SUE + MODEL + WOO + COLOR: Sink finished without mitered joint, polished or suede, with overflow (not specified) or without it (WOO) and the selected color.

→ The Due XL model (670 x 435 x 210) was discontinued by the product team in October 2024. It will not be manufactured even for special projects. In case of doubt, contact productsilestone@integrity.cosentino.com.

*The colors available in stock as of 01/01/2025 are: Blanco Orion, Cala Blue, Charcoal Soapstone, Desert Silver, Et Calacatta Gold, Gris Expo, Lagoon, Lyra, Snowy Ibiza.

→ The One model (510 x 410 x 150) was discontinued by the product team in December 2024. It will not be manufactured even for special projects. In case of doubt, contact productsilestone@integrity.cosentino.com.
